# ADMINISTRATION

## Principal P. Jean Stiles

It has been a pleasure to work with J. Percy Page students, staff and parents this year. What an amazing school with excellence displayed in all areas. It has been wonderful getting to know everybody in this vibrant learning community. We are thrilled about next year and some of the changes we have planned to make our school even better for all of our students. We are so proud of our students and all of their many accomplishments. Good luck with everything!

## Assistant Principal Chuck MacDormand

Each year, the end of June signals to members of the graduating class that there will be changes occurring in their lives as they move from high school to post secondary education or to the world of work. Students fondly look back at their high school years, yet look forward to adventures and experiences just over the horizon. Like the present grade twelves, I too am leaving J. Percy Page to continue my teaching career. I have enjoyed my six years at Page, two of which were as Housemaster of Sunwapta House. I wish the graduating class success with their future endeavors and encourage all students to make the most of their friendships, their studies, and their future hopes and dreams. Take care until we meet again - Mr. Mac.

## Assistant Principal Mike Suderman

It has been my pleasure to be able to come to J. Percy Page for the second semester. I had the chance to meet some of you and get to know you as good citizens and students of Page. In your life, determine what is important to you and pursue a career or livelihood according to what you think is important to help make this city, province, or country a better place. Everyone in this world has something to offer others. Determine what that is and pursue a path that will lead you in that direction. Take care of yourselves, work hard and play hard all your life.

## Assistant Principal Darryl Sutherland

Wow!! This year has just flown by. Over the course of my career I have had the opportunity to work at many different high schools. I can honestly say that making the move to J. Percy Page has been one of the best decisions that I have made. I have thoroughly enjoyed this year working with the friendly, enthusiastic and genuinely honest students that make up the student body of this fine school. Whether it was the Kubasa Cup floor hockey tournament or the students vs. staff ice hockey game to raise proceeds for the food bank, it was always an enjoyable experience to spend time with you, the students, in a different capacity than my daily role as an assistant principal. Thank you for allowing me that opportunity.

I would also like to take this opportunity to congratulate the grade 12 graduating class. Although I have only been here for your final year of high school, I have had the opportunity to get to know many of you during break times or other school activities. I know that each and every one of you will be successful in whatever career directions that you wish to pursue. Remember to always make the most of the daily challenges that present themselves.

### English Department - Department Head Tracy Wright

Members: Claire French, Markus Hauf, Norma Hartley, Florence Iftody, Lynn Preece, Bonnie Sparrow, Paula Stein and Tracy Wright. We would like to wish everyone a fantastic summer and good life travels to our graduating grade 12's. It has been an exciting year for us and we hope events like the Sweatshop Tele-conference, book-buying trip to Chapters, the one-woman presentation of *The Stone Angel* and all of the other events within your own classrooms made this a memorable year for you. Cheers!

### Science Department - Department Head David Adamson

Members: David Adamson, Geoff Buxton, Linda Harris, Karen Huculak, Natalie Isherwood, Melissa McDonald, Scott McMillan, Todd McNicholl, Lacia Panylyk, Aimie Sedens, and Dean Zuberbuhler. This year our science students have been tremendous ambassadors for our school as they attended a chemistry lab workshop at NAIT where they synthesized aspirin; conducted experiments at the U of A involving the physics of fundamental particles (charge to mass ratios for electrons, spectroscopic analysis of hydrogen and properties of radiation); and conducted investigations at Elk Island into the flora, fauna and their habitats. We thank our students for their participation in class and their hard work. Best wishes to all our graduating grade 12 students.

### Mathematics Department - Department Head Deirdre Elder and Matt Walker

Members: Greg Belostotski, Kevin Bissoon, Deirdre Elder, Jane Gannon, Scott McMillan, Pam Mosen, Victor Pysyk, Mike Shrimpton, Debbie Younger, and Matt Walker. We have had a terrific year with more than 1000 students attending study hall at lunch in each of the past 2 years, which has helped students achieve in their courses greatly. We've had outstanding participation this year with almost 100 students writing 3 national level Math contests. We celebrated Pi Day on March 14th at 1:59 pm by eating pie and drinking "square root" beer. We wish our grade 12 students a safe and prosperous future and encourage them to chase their dreams: "The highway of dreams is marked with plenty of rest stops...press on."

### Social Studies Department - Department Head Randy Montgomery

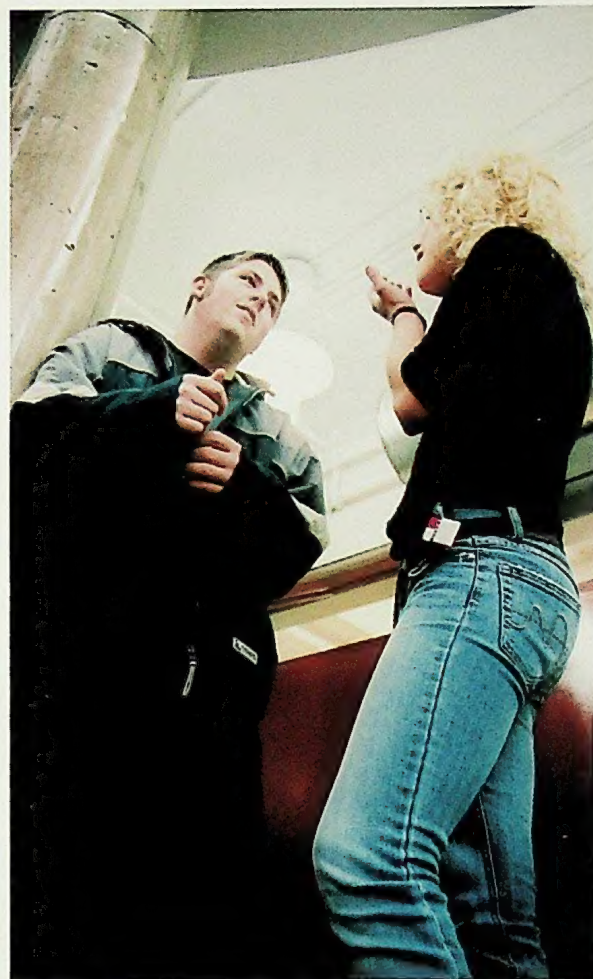

Members: Gordon Bushewsky, Markus Hauf, Jackie Janis, Warren Mitchell, Randy Montgomery, Brian Ross, and Jeanette Vandale. We are very proud of the reputation our students have achieved within the city and province on diploma exams, and at various student conferences. We share many good memories with our students and wish our graduating class the best in the future. The department hopes we have had a role in opening the window of what life beyond high school has to offer. We have tried to play a pivotal role in creating inspiration through your critical years of development. Each day in the classroom we strive to create new horizons of opportunities. We want to prepare, inspire, excite, encourage, and nurture the exploration for answers and new questions. The culmination of our efforts will be seen in every graduating class at J. Percy Page. Sometimes we can gain inspiration from the simplest thing. I remember reading about what we can learn from a dog's life. It went something like this:

When loved ones come home, always run to greet them. Never pass up the opportunity to go for a joyride. Allow the experience of fresh air and the wind in your face to be pure ecstasy. When it's in your best interest, practice obedience. Let others know when they've invaded your territory. Take naps and stretch before rising. Run, romp, and play daily. Thrive on attention and let people touch you. Avoid biting when a simple growl will do. On warm days, stop to lie on your back on the grass. On hot days, drink lots of water and lie down under a shady tree. When you're happy, dance around and wag your entire body. No matter how often you're scolded, don't buy into the guilt thing and pout; run right back and make friends. Delight in the simple joy of a long walk. Eat with gusto and enthusiasm. Stop when you have had enough. Be loyal. Never pretend to be something you're not. And most of all... If what you want lies buried, dig until you find it.

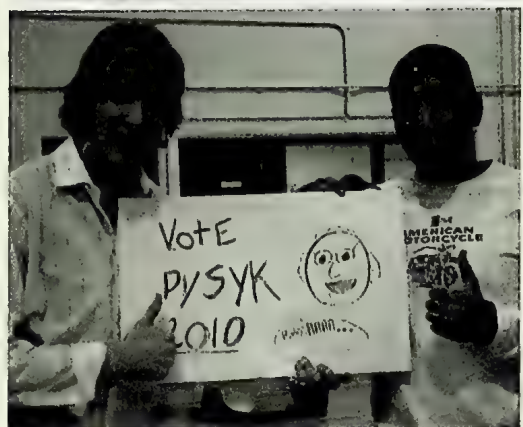

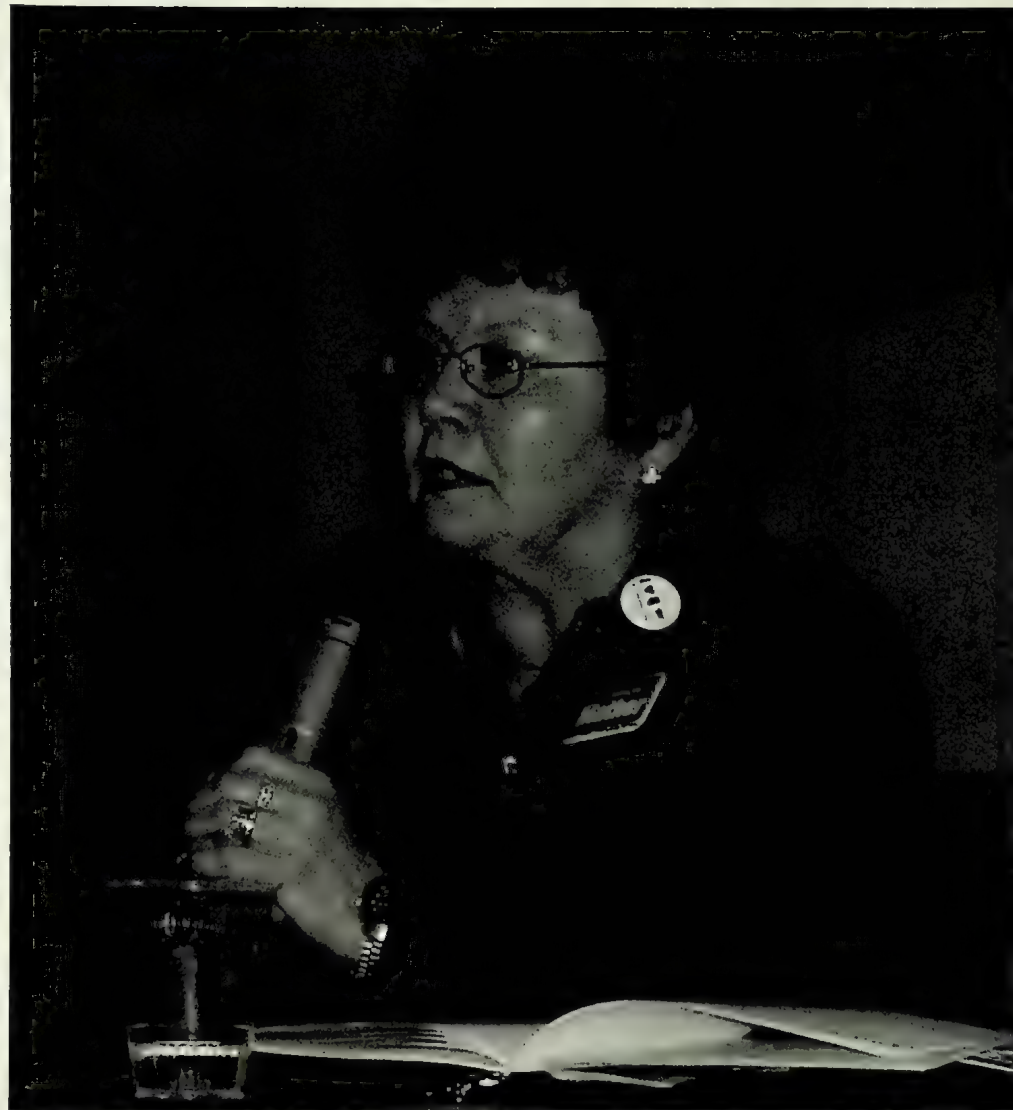

On the eleventh hour of the eleventh day of the eleventh month...

Lest we forget, at J. Percy Page we commemorate the lives of those who fought during World War I and other wars. The poppy is worn because of the poppies that bloomed across the battlefields in World War I in Flanders. Each year Page has an impressive ceremony where several veterans share their personal stories, students recite poems that they have written, wreaths are presented, and a minute of silence is shared by all.

# REMEMBRANCE DAY

Our very own compete in the 2004 Alberta General Election. At stake is the Edmonton Mill Woods riding. Weslyn Mather, Naresh Bhardwaj, and two other candidates present their positions and answer students' questions. After months of campaigning, Weslyn Mather is elected and, as she retires from her career in education, she begins another career in government as an M.L.A. We wish her much success!

The team did quite well this season considering there were only 5-6 returning members from the prior year. Some of the players had never even played competitively before. All members put forth a great effort in every match in which they were involved. Our program looks to be even stronger with the likelihood of most of the current players returning for next season. # TALENT SHOW

# PAGE POWER

**PAGE POWER** is a student group aimed at helping members of Edmonton's community. Activities are geared towards raising money, food, clothing, books and other household supplies for charities that assist people in need.

Page POWER this year has:

- Collected food for the food bank through a Food Bank Bingo
- Filled and distributed 88 Operation Christmas Child boxes
- Sold popcorn in support of the Tsunami Relief Effort
- Put Mrs. Gannon out on the streets for a night to support the Youth Emergency Shelter
- Run a Valentine's day photobooth to raise money for the Stollery Children's Hospital
- Volunteered at the Bissell Centre to prepare and serve a meal for residents of Edmonton's Inner City
- Run a fundraising event at Open House on March 15th in support of the Bissell Centre and the Youth Emergency Shelter

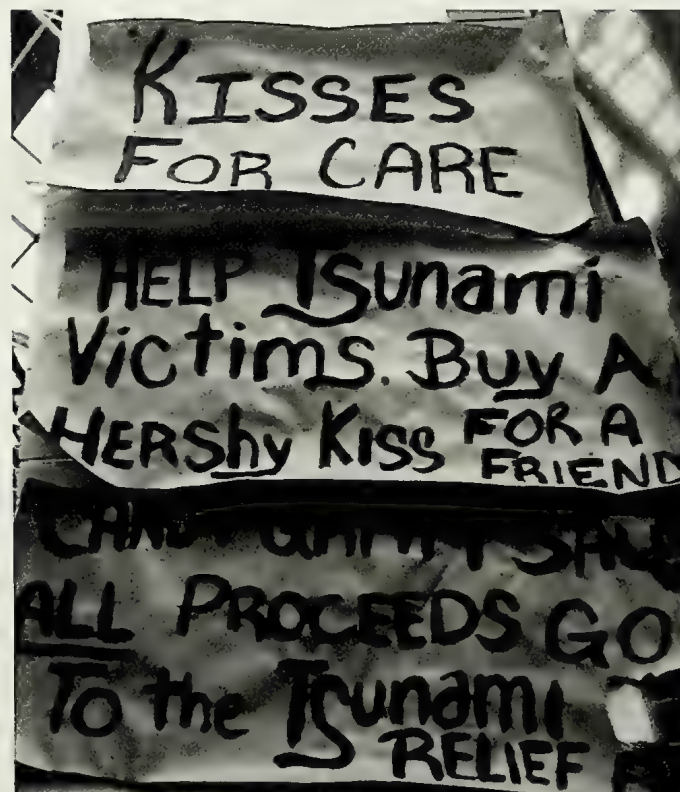

In the morning of December 26, 2004 a massive earthquake erupted in the Indian Ocean off Sumatra, Indonesia triggering the tsunami waves in southeast Asia and coastal India that hit eleven countries. The death toll climbed to a staggering 226 566 people.

It is no surprise that Page students banded together to raise money for The Blue Ribbon Campaign. Mr. Montgomery organized the sale of cotton candy, Mrs. Younger sold tickets to a movie during lunch, and Page Power sold popcorn. The Students' Union sold donuts that Tim Horton's donated, hosted a bake sale where staff donated baking, sold candy grams, and put collection boxes around the school. A total of \$1692.93 was raised!

Clockwise from top right A DIME A DOZEN » Students' Union hold a bake sale with lots of goodies and treats. KISSES FOR CARE » a poster advertising the relief effort. ALL THAT FLUFF » Pen, David, & Sanjay sold cotton candy. POWER POPCORN » Page Power sold popcorn to raise money.

# BLUE RIBBON CAMPAIGN

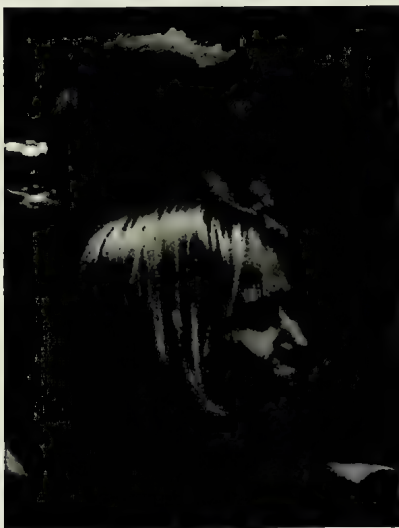

Everyone had a great time at this year's **Stuart Olsen Christmas Party**. Every year Page hosts the annual Stuart Olsen Christmas Party for the staff's children and the children of Stuart Olsen employees. While Stuart Olsen provides gifts for all the children, Page students host it. This year Page students painted faces, styled hair, played games, decorated cookies, and colored pictures with the children. Amidst all the fun and food the children and hosts all had an enjoyable day.

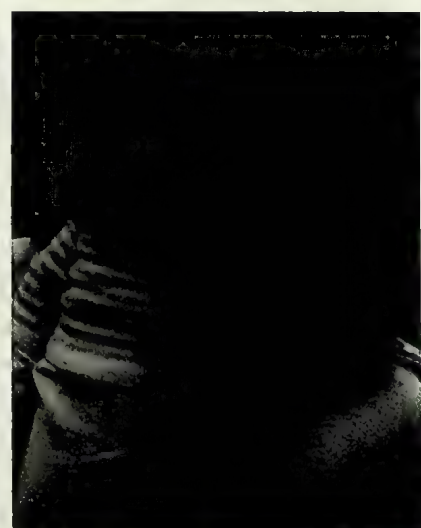

Clockwise from top left **SANTA & HIS CREW** » Santa (Mr. Montgomery) and student volunteers help bring in the season's spirit. **FAUX TATOO** » April Orr paints a snowman on a girl's arm. **GETTING GROOMED** » Sonia Gill brushes a girl's hair. **ALL SMILES** » Destiny, Lindsay, & Kelti light up the winter blues with their smiles.

#### CTS Department Members:

Computers, Legal Studies, and Accounting: Mr. Balbar, Mr. Chan, Mr. McNicoll, and Ms. Younger

Foods: Mr. Balbar, Mr. Chan, and Ms. Menzak

Building Construction: Mr. Bihun

Cosmetology: Ms. Horn, Ms. Lee, and Ms. Morley

Automotives: Mr. Bhardwaj

As I look back on 2005, there are some events that clearly stand out in my mind.

The first was the opening of the new TeleLearning Centre. Besides the fact that we finally had an area with dedicated projectors, high-speed broadband connections, lots of classroom space, and offices!!!, the entire centre has its own unique look and atmosphere, made better by the sound of practicing guitar students and the ever-present ping-pong students.

Another highlight was clearly the year's provincial election—made much more interesting by the fact that our Automotives teacher, Mr. Bhardwaj, was running head-to-head against Ms. Mather—it made for some interesting moments, and a lively election forum!

Ms. Younger took over the Global Classroom, and her crew produced or hosted numerous video conferences throughout the year. Ms. Younger was also the swimming and water polo coach, with both teams having successful seasons. Congrats on your multiple world and Canadian records at the last Master's Canadian Championships, Ms. Younger! We will miss her next year as she is off to teach in Japan.

Congrats to Ms. Menzak on her new position at Ainlay next year! She rejoins Mr. Townsend, who left for that school a few years ago. I'm putting your cell phone on speed dial, Ms. Menzak—make sure your new students know that you still have to mentor me over the phone!

Cosmetology continued to offer quality customer service and apprenticeship training, and submitted their usual strong team to the annual Skills Canada competition.

Mr. Bihun began to offer his senior students a course in basic home repair. Mr. B, where was this course when I went to school, and can I sign up now, or am I too old?

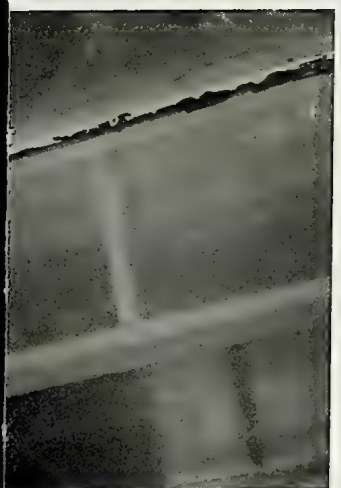

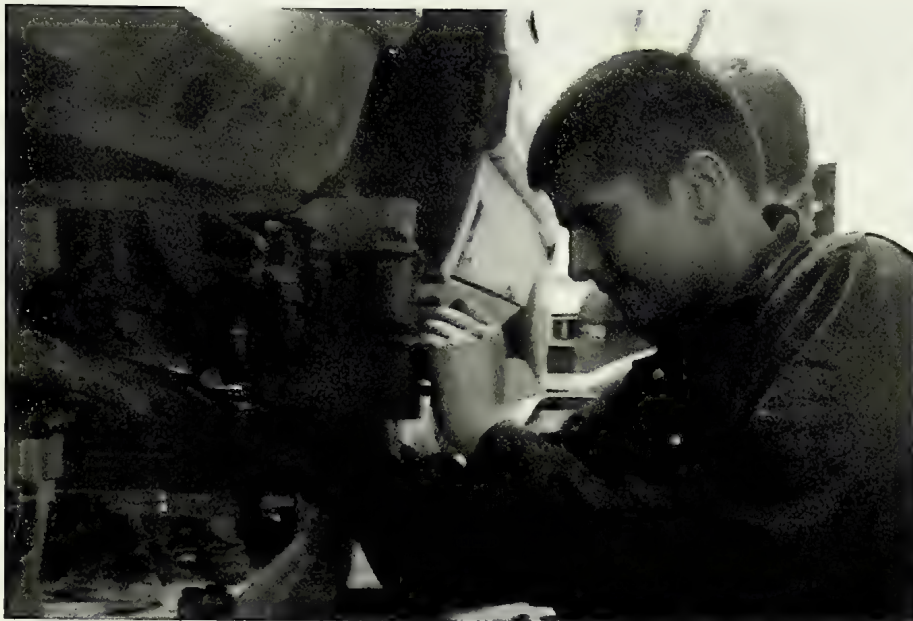

Finally, the standout highlight of the year for me was the start of Page TV. Many thanks to the entire crew of students and teacher advisors that made it happen. They spent many hours at noon hour and after school to produce Page's first news broadcast series, and the first reporting of school events from a truly student perspective.

Mr. Balbar

# AUTOMOTIVES & CONSTRUCTION

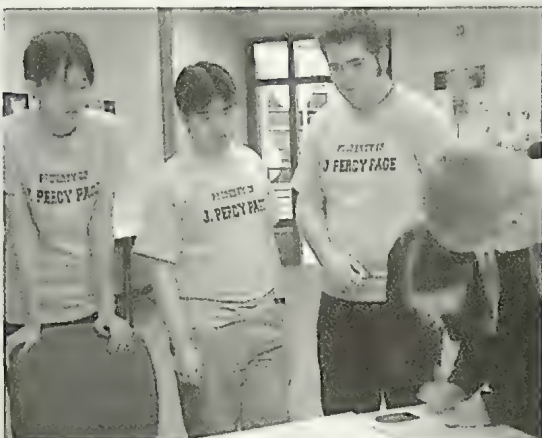

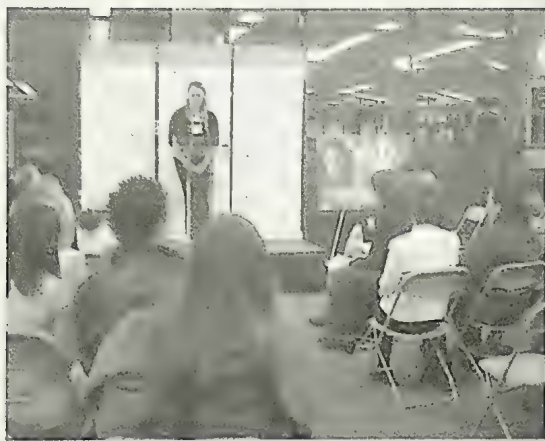

This year was very productive for Cosmetology. The students showed off their skills at the Stuart Olsen Christmas Party, did hands-on demonstrations at the Open House, went on many field trips including the A.B.A. hairshow, and the Skills Canada Competition which is, according to cosmetology teacher Mrs. Horn, the Olympics of Hair. Congratulations go out to Shelby Gibbons who won bronze in the Bridal Category at Skills Canada.

# COSMETOLOGY

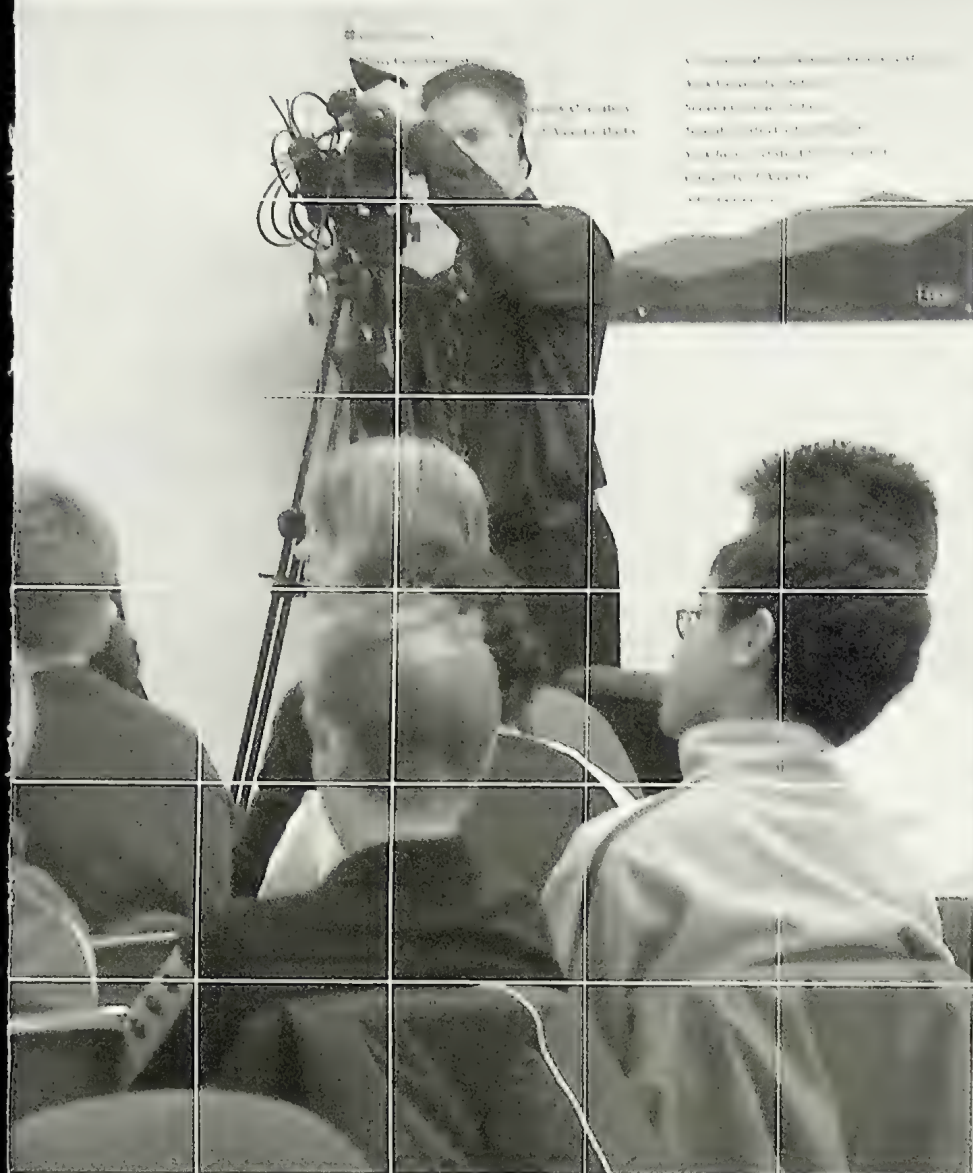

The TeleLearning Centre has been a busy place this year with over 150 connections! We have been the site of various professional development sessions for teachers and students from around the province as well as providing enhancement to a variety of our courses.

We have hosted 10 videoconferences with the Canadian Space Agency for our students and students from around the community. Students from Ottewell, T. D. Baker, Kate Chegwin and Ekota have all participated.

There have been several other highlights through the year including the visit and videoconferencing announcement by the Honorable Gene Zwozdesky and Health Minister Iris Evans, As well, a Mayoral Forum, Holocaust Symposium, Student Council Sharing Session, and Guitar Jam session with Finland, just to name a few.

The videoconferencing opportunities for staff and students have been incredible! J. Percy Page and the TeleLearning Centre are leading the province in global communication!

# FOODS

No one will forget walking out of class drowsy from listening to another lecture and being hit by the aroma of the concoctions being made in Foods class. From shakes to cakes and pies to stir fries, they are always cooking up something to entice our senses.

# FACES OF PAGE

She found herself in a strange new world... where other people existed and teamwork was key. (Oh the shock, the shock, you can only imagine.) With only one computer and a static-y radio they had to make due, they had only that and of course... each other. (Questionable. Questionable indeed.) There was this one creature called June who mostly went around pointing a strange box-shaped object in people's faces trying to steal their souls. And another, named Anne, really born under the name Qurat-ul-ain, who came from a hot faraway place and spent most of her time telling June to get the strange box-shaped object out of her face. And then there was our leader, Mrs. Mosen, who clearly hadn't known what she'd gotten herself into. A cool and collected one, that Mrs. Mosen, went through many an ordeal removing abbreviations and initials and not-so-subtle-negative-grade-twelve-comments from the yearbook. And then there was me. I did as little as possible, if anything at all. Our creation you can see for yourself - we humbly hope you enjoy.

I dedicate this to whoever left that note on by bio chair in grade 11. Clever little you.

ANAMARIA ANTONESCU

The scene outside the school has changed from the frosty chill of snow to the blazing heat of summer as we have worked on this yearbook. It would be very cliché to say that this book is very special and that it was a truly amazing experience, but oh well, all clichés are annoyingly true, we did have a supercalifragilisticexpialidocious time doing this.

"Human life...this life of ours, is like a flower blooming gloriously in a meadow; along comes a goat, eats it - no more flower!" - Anton Chekhov

JUNETTE HUYNH

Parting words.... hmm.... let's just say I have none... the words just won't come to me. Enjoy this book that we have spent grueling hours over but have enjoyed every minute of!

Expression comes in infinite forms - capturing experiences from events of life.

Time changes in cycles from summer to Winter and back again to the Beginning. Now, is the end and the beginning of new phase - Seven years from now could be a *new world*.

So wait, watch and enjoy the ride!

MRS. MOOSEN

When I volunteered to be the teacher advisor for the yearbook, I really had no idea what I was getting myself into! The learning curve has been steep for all of us, and we've spent countless hours creating and editing pages. Though it's been an enormous amount of work, I owe a lot to these three young women who committed themselves to this project from the beginning, despite the fact that none of us really knew what we were doing initially. The photography is the backbone of the book, so I must thank June, our principal photographer. She has an amazing talent. Anamaria has an incredible eye for detail and style, and she's been instrumental in the design of many pages. Helpful in every way with a smile on her face is Anne. Her layout ideas and editing skills have been crucial. This book is truly a reflection of their creativity, effort and team work. I am so proud of all of them.
